**ROSE Awards Scheme and “Good Workers” TABLE**

This table is in the Newsletter every week and shows which students have achieved a special level in our ROSE (Respecting Our School & Each other) awards program or have been noted for a really great effort in class - or have done some fantastic handwriting.

The following students have achieved a higher level on the ROSE program or they have come to the Principal to show their excellent work. When they come to see me, they get a sticker for their good work – and a stamp on their forehead, their nose, their cheek or their chin. SO – if your child comes home with a stamp from the Principal – tell them how proud and pleased you are! Congratulations to these students:

Here are some of the photos from this morning’s parade. Many more will be included in the next newsletter.
A big thank you goes to our Year 6 teachers for organising such a fun day.
It was wonderful to see so many parents and community members at the parade. We hope you had a wild time.
Sun Safety

We all like to play and relax outside on a sunny day. BUT too much sun and no protection is harmful to our skin.

Wide brim hats are the best hats for protection as they cover our ears and neck as well as our face.

There are many ways to keep safe while out in the sun.

Protect yourself in 5 ways:

- Slip
- Slop
- Slap
- Seek
- Slide

Sun protection at any age is important.

The sun's burning rays are called UV rays (Ultraviolet) and these can cause sunburn, skin cancer, eye damage and skin aging.

1) Always wear a __________ when you are in the sun.
2) __________ will help to protect your eyes from harmful rays of the sun.
3) Apply plenty of __________ to protect your skin from harmful rays.
4) After a few __________ you need to reapply.
5) Cover your skin with a __________.
